## Premium performance summer car tires

SUMMER

EU-APPROVED\*

PCR

- New generation tread design for improved performance
- Asymmetric tread pattern provides comfort and low noise
- Excellent handling in both wet and dry road conditions
- Optimized tread mix for even wear and high mileage
- Compound designed to ensure maximum grip and short breaking distance
- Constant performance for the total tire life span
- Designed for smaller and mid-range vehicles.

\* Only sizes with fuel, grip, noise & db values are EU approved.
